

Welcome to Voice Your Choice

Voice Your Choice is a community-based advance care planning program that provides free tools and resources to the community and health care providers. Voice Your Choice also offers a no cost online platform that supports patients in creating an advance care plan or uploading an existing paper advance care plan. This platform is integrated with CRISP for easier access during an emergency and portability across sites of care.

As a health care provider, you know that proactive conversations with patients and loved ones about advance care planning - before a health care crisis occurs - can alleviate the stress that comes from making uninformed choices. The Voice Your Choice program can support you in holding these important conversations:

Voice Your Choice free offers resources for patients that include:

- ✓ Detailed online recorded webinars and tools to educate patients about advance care planning and the importance of choosing a health care agent
- ✓ An online platform that is linked to CRISP for creating an advance care plan or uploading an existing paper advance care plan
- ✓ Step-by-step guides that lead individuals through the creation of an online advance care plan
- ✓ Resources in Chinese, French, Korean, Russian, Spanish, and Vietnamese

Voice Your Choice offers free resources for health care providers that include:

- ✓ Tools to support holding advance care planning discussions
- ✓ Detailed information about the difference between an advance directive and a MOLST
- ✓ Information about reimbursement for advance care planning conversations
- ✓ Multicultural considerations in advance care planning
- ✓ Behavioral economics and health care decision making
